Join the BEOFAA 4th Series

February 2025

The previous 3 Fellowship Courses were attended by 90 Fellows across the world from South America, North America, Australia, Asia and Europe. The Feedback from the Fellows has been superb.

Enhance your understanding of foot and ankle mechanics through the BEOFAA Online Foot Ankle Fellowship Program, established by acclaimed orthopaedic surgeons, Maneesh Bhatia and Manuel Monteagudo. This comprehensive program provides on-demand tutorials, case analysis, personalised feedback and covers a variety of foot and ankle conditions.

Ideal for practising surgeons and foot specialists, you can learn at your own pace and receive mentorship throughout the course. Join a global community of fellows and take your career to new heights with this superbly received program.
